Dear Mr. Bridal:

Re: A&I Department File # 106542
Client: Patrick Fox - Legal Aid Contract # R030209987

As you may already be aware, Legal Aid BC ("LABC") operates an Audit and Investigation Department that has the responsibility, among others, of investigating complaints about lawyers with whom we contract to represent legal aid clients. As you are aware from my telephone call with you on August 5, 2020, we have received a complaint about you from your former client, Patrick Fox which we enclose.

Mr. Fox has raised a number of issues about your representation with Intake which he sent us. But he has made one complaint to us that you have failed to return the 13 paged document he sent to you on April 3, 2020. Please provide the document and an explanation as to why you have not returned the said document to the client.

I look forward to receiving your written response to the complaint. I will diarize this matter for **September 8, 2020**. If you have any questions about this letter, or LABC's complaint process, you can contact me at 604-601-6034.

Yours truly,
